Nancy Mabeus a resident of the Town read a letter for the record voicing her opinion on the dump law. She referred to the last meeting how apparently the landfills and the fracking were no longer as important. She believes that this should be left in the law. Mrs. Mabeus also had concerns about the fines that were in the law and she agreed with resident Rani Bass that the complaint should not be responsible for the others people's legal fees. Mrs. Mabeus says that commercial fines should be greater than that of residents.

Rani Bass a resident of the town had a concern that the new dump law was not available to the public till today at 1:00 PM. She referred to the Town Law and stated that the dump law was not described in the public notice; the law was also not on the Town website. She stated that if this process was not done correctly that the law would not be valid and would not stand up in court.

When 911 were called the Rescue Squad was going to the Hill Lane in the Town of Cambridge instead of the Town of White Creek.
