Assessor's Presentation

The Town Board asked Assessor Mary Ellen Hill-Pierce to attend tonight's meeting to address the many questions and allegations the public had at last month's meeting concerning assessments and the office of the assessor. Steve Peluso, from the NYS Office of Real Property Tax Services(ORPS) and Assessors Nancy Strong, from the Towns of Hampton and Hartford, and Lois Jasek, from the Town of Hebron, were also in attendance to assist Ms. Hill-Pierce. A tax payer from Whitehall, Mr. Bartholomew, spoke in support of Ms. Hill-Pierce.

Assessor Hill-Pierce first began by reading a statement addressing the article in the October 14, 2009 issue of *The Eagle Newspaper* covering the Town Board meeting of October 12, 2009. She stated she felt compelled to respond to its "many inaccuracies and slanderous quotes". Ms. Hill-Pierce reprimanded the reporter for not interviewing her in order to get the facts and not "simply repeat uninformed opinions.

Supervisor Trinkle, then, opened up the floor to the public. Mr. Peluso and Ms. Hill-Pierce fielded questions, comments, criticisms and remarks for about 90 minutes. The two officials endeavored to answered questions and explain the process involved in establishing assessments and equalization rates. The Town Board thanked Ms. Hill-Pierce, Mr. Peluso, Assessors Strong and Jasek and Mr. Bartholomew for attending tonight's meeting.

Unfinished Business

Supervisor Trinkle asked of any Planning Board member present why the vacancy on the Planning Board should be tabled until the new Town Board takes office? No one responded.

She then asked the Town Clerk who applied for the position? Clerk Sally Eddy stated that 4 people had contacted her. They were Judy Leon, Dorothy Yurschak, Ben Yurschak and Gerald Moppert.

The Town Board proceeded to interview each candidate separately and all were asked basically the same questions. In addition, each candidate gave their reasons as to why they were interested in serving on the Planning Board.

At 9:50 PM, Councilman Ziehm motioned, seconded by Councilman Berndt, to move into Executive Session for the purpose of discussing the selection of one of candidates interviewed to fill the vacancy on Planning Board. Vote: 5- Ayes 0 - Noes

At 10:05 PM, Councilwoman Imhof motioned, seconded by Councilman Nichols, to end the Executive Session and enter back into the Regular Meeting.

Vote: 5 – Ayes 0 – Noes

Councilman Nichols – Dr. Gerald Moppert

Councilman Ziehm – Dr. Gerald Moppert

Councilwoman Imhof – Dr. Gerald Moppert

Supervisor Trinkle – Dr. Gerald Moppert

Supervisor Trinkle stated Dr. Moppert was selected because he has had a lot of experience in handling controversial issues as an emergency room doctor for many, many years and as president of the local school board. He brings a different career to the planning board than what's already on the board.

She stated that the other 3 candidates were very well qualified and encouraged each of them to apply again if an opening on the planning board occurs.

New Business

Fuel Bids

Councilman Ziehm motioned, seconded by Councilwoman Imhof, to authorize Superintendent Shaw to advertise for bid the town's 2010 fuel supply.

Councilman Berndt asked the motion be amended by adding that the vendors be required to state how the diesel fuel is mixed. Councilman Ziehm restated the motion to include Mr. Berndt's request.

Vote: 5 – Ayes 0 – Noes

Councilman Nichols recommended a letter be sent to all the fuel companies that submitted a bid last year notifying them of the bid.

Budget Amendment

Supervisor Trinkle stated the town received \$37,000(Supt. Shaw confirmed the actual amount to be \$31,571.62) in FEMA money in 2009 which was put into the DA Equipment Account(DA 5130.2) The town needs to do something with it before the end of the year. There are three options: 1) can leave it as

is and it will go back into the General Fund, 2) place it in the Equipment Reserve Fund or 3) use it to replace one of the tractors.

Councilman Nichols remarked that when we purchased the original piece of equipment we took it out of the Reserve Fund and the money should go back into that fund. Just to buy the tractor because we have the money does not make perfect sense as long as it's working ok. The money will be there if you need it.

Supt. Shaw said the town has two tractors and he is looking to replace the one that's 14 years old. He would keep the newer of the two for a backup. He can purchase a New Holland under state contract for \$34,481.00. Two other dealers gave him quotes which came in \$2000 above the state contract price.

Supervisor Trinkle stated there is currently \$103,000 in the Reserve Equipment Fund and \$50,000 has been provided for in the 2010 budget.

After more discussion, the following resolution was enacted:

Resolution by Councilman Joel Nichols

Seconded by Councilman Ted Berndt

Resolved, that the Town Board of the Town of Cambridge does hereby go on record authorizing the transfer of the FEMA money in the amount of \$31,571.62 from DA5130.2 Highway Equipment Fund to the DA962 Highway Reserve Fund under Budgetary Provisions.

Audit of Town Books

Supervisor Trinkle commented that a few meetings ago a suggestion was made to have an audit of the town's books done by the State Comptroller's Office. Now, since a new administration will be taking over it is even more prudent. She has drafted a letter requesting such services.

Motion by Councilman Nichols

Seconded by Councilwoman Imhof,

Resolved, that the Town Board of the Town of Cambridge does hereby authorize Supervisor Trinkle to send a letter to the Office of the State Comptroller requesting an audit of the town's books.

County Report

Supervisor Trinkle stated the 2010 county budget has been presented and it shows a 3.99% increase in spending. Many items are mandated that cannot be changed. There has been a reduction in the number of employees, employee benefits and every employee will be required to take a two day furlough without pay. The two county parks will be funded as they were in 2009. However, Cornell Cooperative Extension went from \$385,000 down to \$100,000 which, according to Supervisor Trinkle, will just about close their doors. Soil and Water Conservation took a \$40,000 cut. She asked the Board and the audience to write letters if they want to see any funds restored, particularly supporting Cooperative Extension. We live in a farming community and Extension provides services beneficial to the agricultural industry. She is required to vote on the overall budget and would like to know how the people feel about it.

Comments and questions were put forth by the audience.
